

NEX SET TOP PC

Small Footprint Workstations From NEX Computing Solutions, Inc.

Where space is a consideration in choosing your next PC, select the NEX Set Top PC. It's no larger than a phonebook but packs a lot of power. This system has a compact PC form factor and vertical stand. It has support for Intel Celeron or Pentium 4 processors, and IDE ATA100 hard drives. The Set Top PC has an integrated graphics adapter and 6 channel audio for business applications, DVD movies and games. Each system features a standard Intel Pro 100 network adapter, 4 USB ports, and a FireWire port. The NEX Set Top PC is perfect for office workstations, home entertainment centers, and controllers for manufacturing or medical appliances. This system is also available in Executive Black.
